

Affordability and Food Security

The world's growing population will require a 70% increase in agricultural production by 2050

Over half of all global pulse production occurs in developing countries

- Pulses are a staple food around the world, playing a key role in many traditional cuisines
- Pulses enhance crop diversity, decreasing the risks farmers face from environmental and market fluctuations

U.S. cost per serving of lentils is \$0.10 vs.:

\$1.49
